REMARKS

The "Notice of Non-Recordation of Document" was issued with regard to the Assignment recorded for Application Serial No. 09/885,356, which assigned the present application from "Oracle Corporation" to the Assignee "Oracle International Corporation". The document I.D. no. for the present Notice is 103151498A, which is attached hereto.

Based on Applicants' understanding, the present Notice seemed to question whether the Assignment recorded on 12/8/2003 at Reel/Frame: 014773/0488 was a "Corrective Assignment".

On May 4, 2006, Applicants' attorney called and talked with Ms. Dorothy Riley, who is identified on the present Notice as the Examiner who issued the Notice. Ms. Riley indicated that she was not sure why the Assignment Recordation was sent to her office since it was previously recorded. She assumed that the Applicant resubmitted the Assignment documents in order to correct an error in the original recordation. As such, Ms. Riley issued the present Notice inquiring about the Applicants' intent of the resubmitted Assignment document.

Applicants' attorney clarified that Applicant did not resubmit the Assignment documents and that the original Assignment documents are accurate. Thus no correction of an error is needed or was requested. As a result, Ms. Riley instructed the undersigned attorney to ignore the present Notice and that no further action was required.

Applicant respectfully requests that the original date of filing of the Assignment document be maintained since there was no basis for issuing the present Notice. If there are any further questions regarding the present Assignment documents, the Patent Office is respectfully invited to contact the undersigned attorney.

Date May 10, 2006

Respectfully submitted,
